

weCharade: User Manual

weCharde is an Android app where you challenge your friends for a game of video charades! The game consist of six turns where the player with the most points when the game is finished wins. A turn starts with one of the players starts to record a video of a random charade which the player tries to visualize during 8 seconds. The other player then receives the video and tries to guess the charade within 30 seconds to get points.

Other features weCharade provides are:

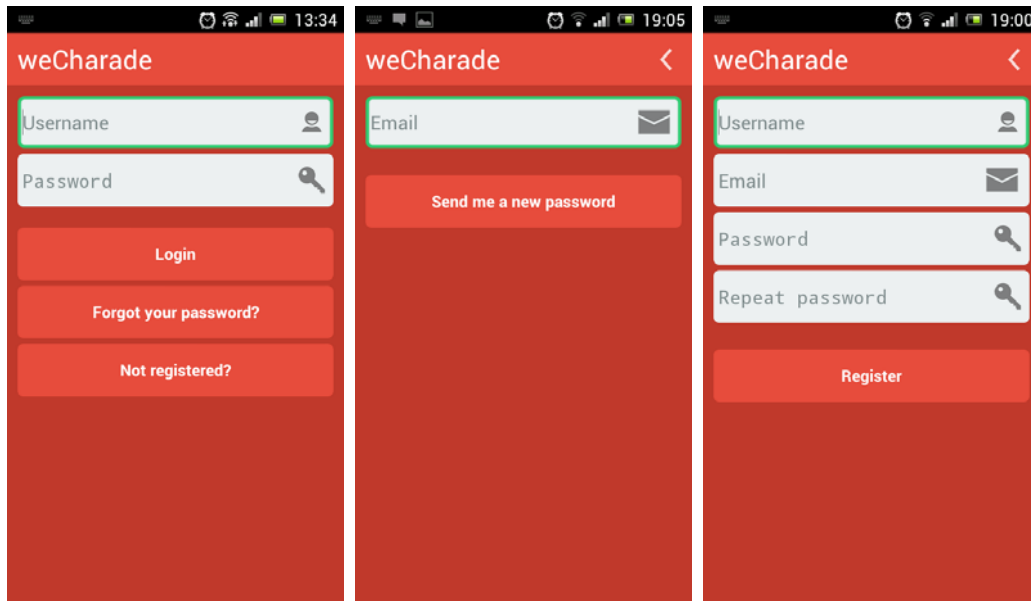

- Send game invitations to players
- Send game invitation to a random players and perhaps new friends.
- See the global high score, ranking and different game statistics.

Below you will find a guide that will help you getting started with weCharade.

Hi and welcome to weCharade! This is a guide that will introduce you to the main features of this application.

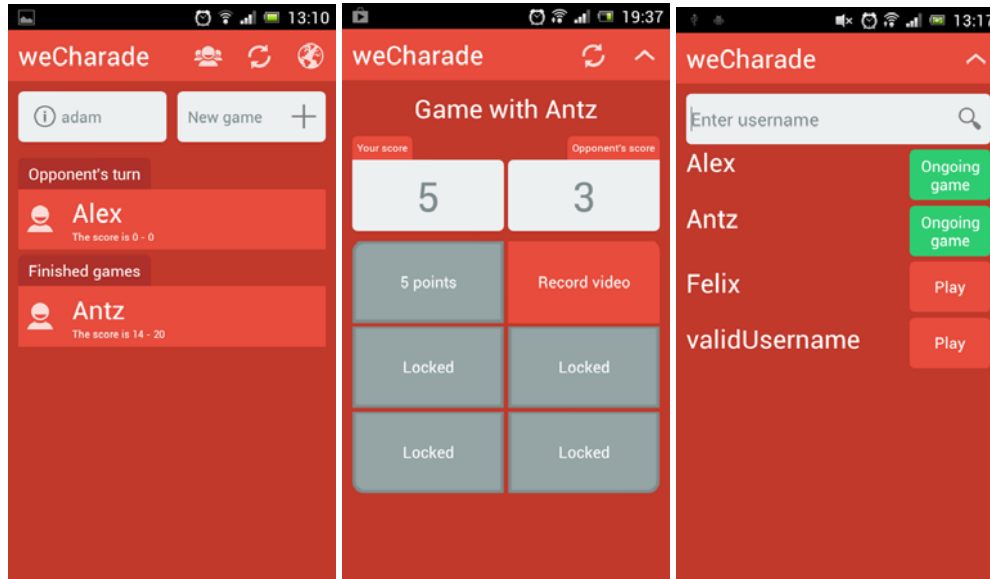

Register and Login

When you first start the app a login screen where you enter you login credentials. If you have forgotten your forgotten your username or password please click on *Forgot your password?* button and enter your email to retrieve the information. If you are not registered please click on the *Not registered?* button.

Home screen, current games and how to start a new game

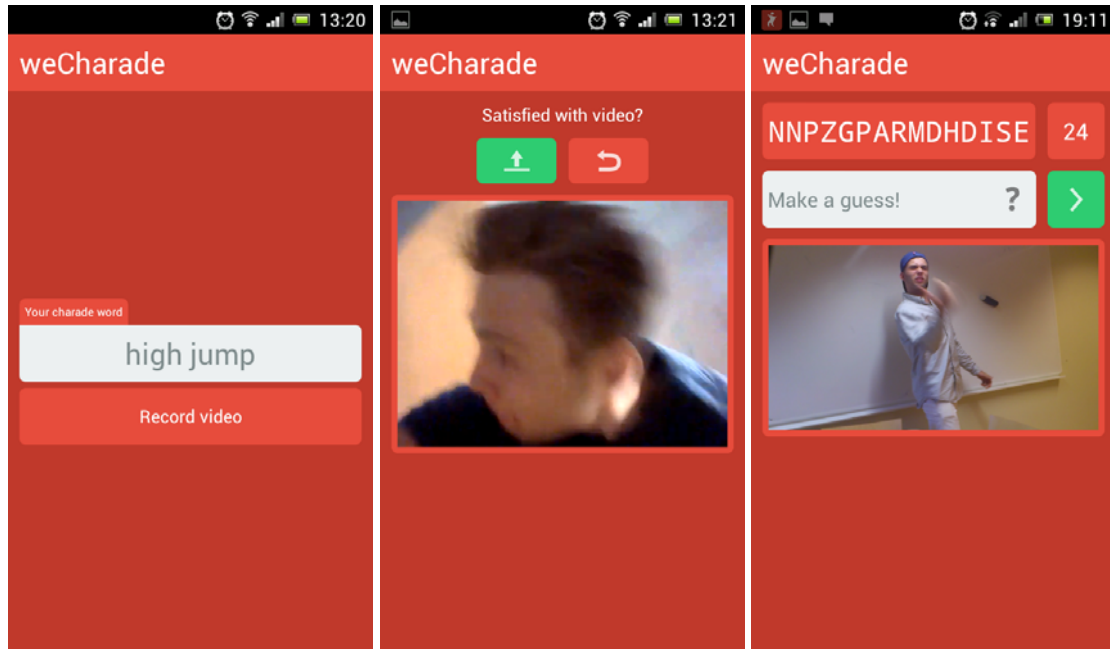

The home screen is the heart of the app. Here you will have all your ongoing and finished games. Buttons to navigate to: invitations, high score, account information, start new games and update the screen. Here you click on the games to get to the game screen. To start a new game please click the new game button up to the right. This takes you to a new screen where you get two options: *Find player* or *Find a random opponent*. The first option brings you to a search field where you can search for all registered users!

Record or guess charade

To record your charade please press the record video button when it is your turn. The next screen that appears will show the charade you must try to visualize within 8 seconds. After this the camera app opens and this is where you will have the funniest 8 seconds of your life! After recording the video a screen where you will see your recorded video show up and here you have two alternatives: Send the video to your friend and let him guess or re-record the video if your are not satisfied.

When it is your turn to guess the charade the game screen will show *Guess Charade* on the current turn. After this you will have 30 seconds to guess what your friend is visualizing. You will also see letters in the left corner where some of them together combine the right word.

Account and high score screen

If you press the information button which displays your username, you will be taken to a new screen displaying some of your game statistics including: number of played games, wins, draws and losses. Here are also two buttons, one for game instructions and the other to logout from your account. If you want to see the global high score list press the terrestrial globe in the upper right corner at the home screen.
